

Garden Gold

Botanical and grounded. Deep olive and sage with gold, built around the leaf sprig in her logo. Leans into whole-food nutrition and everyday habits.

Logo

Her existing mark stays as is. These rules keep it consistent everywhere.

Full lockup Profile picture, footer, packaging. Always on white or the lightest ground.	Monogram "EH" Favicons, highlight covers, post corners and small spaces under 120px wide.	Clear space Keep empty space around the logo at least the height of the "E" on every side.	Don't Stretch it, recolor the gold, add shadows, or place it on busy photos.

- 1

Olive anchors the row
Start each row of three with an olive or sage tile; photos fill the rest.
- 2

The sprig is the signature
The leaf sprig from the logo appears on carousels and quotes, never more than once per post.
- 3

Rounded, friendly shapes
Circles for portraits, soft corners for cards. Nothing sharp.
